JAPAN VERSUS HAWAII

A SENSATIONAL STORY GOTTEN
UP BY THE JIMI

The Japanese Newspaper Knows All
About What the United States is
Going to Do in the Near Future.

In a recent issue the Jiji says: "No progress has been made in the negotiations about the emigration affair, owing to the fact that Hawaii sticks invariably to the policy of procrastination in the hope of transferring the responsibility of paying the compensation to the United States by effecting the proposed annexation. At this juncture another difficulty has sprung up. A certain emigration company in Honolulu has unlawfully appropriated the deposit money of the emigrants and Minister Shimamura attempted to bring the matter before a tribunal. The company, greatly astonished at the action of the Minister, threatened to disclose all the weak points of Japan in the negotiations at issue should the Minister persist in carrying out his plan to the bitter end. Under these circumstances the new trouble is at present in a state of suspense. While matters stand in this way in Hawaii the relations of Japan with the United States have become more friendly and the latter is inclined to advise the Hawaiian government to pay the indemnity at once to Japan if it really desires the annexation of Hawaii to the United States. Before long an instruction to that effect will be dispatched to the U. S. Minister in Honolulu. In fact, the Hawaiian government may be induced to accept the proposal of the United States and pay the indemnity as a pretty heavy expense will be incurred in leaving the dispute to arbitration. Should this turn out to be a fact the Hawaiian affair will be settled earlier than is expected."

All of which will be news both here and in the United States.

RETURN OF THE CLAUDINE.
Experienced Very Heavy Weather and
Had to Slow Down.

The Claudine arrived from San Francisco soon after noon today, and docked at the Oceanic wharf, where she will discharge freight for Irwin & Co. In addition to the people she took to the Coast, all of whom returned, she brought Captain Gregory of the Inter Island Company, who was listed as "surgeon," and Sam Monsarrat. The Claudine brings a full cargo of general merchandise, some of which is for Mahukona.

Captain Cameron reports a very rough passage. During the last three days of very heavy weather the Claudine was under slow bell, and for more than two hours lay hove to, and fairly buried in the big seas that washed her deck.

WOULD NOT PART WITH IT.
Captain George Ashley of the Finance department purchased a soup plate from the green set of royal dishes at the sale nearly two years ago. He selected a plate which gave every evidence of its usage on the royal table, and paid for it \$4.25. Last year Mrs. Ashley took it to the Coast with her. Dr. Barker, who has a choice relic collection, saw it and offered \$100 for the plate. It was a good offer, but Mrs. Ashley refused to part with the plate.

WERE IN CHARGE.
Mr. Blumhouse was chairman of the Klondike social committee, last evening, with the assistance of Mrs. Swain, Miss Judd, Miss Green and the Misses Love.

RESOLUTIONS OF CONDOLENCE.
The Sharpshooters adopted resolutions last evening expressing heartfelt sympathy with the family of the late John Grace. The company lost in the death of John Grace a staunch and a worthy member. As a member of the company and as a citizen, he was ever alert and ready to respond to the call of duty, and to do his share in the support of order and good government. His relations with every member of the company were ever most friendly and cordial, and in his death the members of the company feel that they have lost a good man and a brave comrade.

Henry Giles, Giles a Gere and A. M. Walcott were elected members.

CROWN GOODS IN DEMAND

SEVERAL THOUSAND DOLLARS
REALIZED.

Then, H. Davies Made the Heaviest
Purchases—Minister Cooper Invested—Fancy Prices were Secured.

The government coffers have been enriched several thousand dollars by the public auction sale of the crown goods which has been going on at Morgan's salesrooms for the past two days.

Every piece of the goods has been sold and Auctioneer Morgan and his assistant, Harry Armitage, are now kept busy making out bills and delivering the articles.

Theo. H. Davies was a heavy buyer. He purchased the two solid silver candlesticks for \$800. The center piece to match these candlesticks was also secured by him for \$525. Mr. Davies also purchased a portion of the silver service, including silver vegetable plates, silver meat trays and other table dishes. These dishes brought about \$22.50 each.

The green set of dishes presented to the monarchy brought a handsome figure. The plates all were stamped with the royal monogram and readily brought from \$6 to \$10. The soup plates brought about \$7.

The royal blue bordered set of dishes containing the royal monogram realized equally as good prices. The plated knives, forks and spoons having the monogram and royal initial, sold from \$4 to \$8 per half dozen.

Plate covers of plated ware went at from \$4 to \$7 each, the decanters sold from \$5 to \$10, and the wine glasses with the royal monogram realized from 75 cents to \$1.25 each.

Minister Cooper purchased many articles as did also Auctioneer Morgan. Minister Damon, John T. Hackfeld, H. F. Wichman, made some purchases. Among those who secured single pieces and other relics of the royal table are Mrs. Wood, Mrs. Ballou, Mrs. Wildfield, Mrs. Out, Mrs. Lansing, Maj. George C. Potter, George R. Carter, Judge Frear, P. H. Dodge, A. J. Campbell, Senator Hocking of Maui, and many others.

GREAT WAR PLAY.

Bronson Howard's Best Play—This Evening.

Bronson Howard's celebrated war drama, Shenandoah, will be produced at the Opera House this evening, commencing at 8 o'clock sharp. The sensational scene of Shenandoah is in the third act, and concludes with the retreat of the Union forces, and the ride of Phil Sheridan. The ride down the valley and Sheridan's dash across the stage on his famous steed is a most effective bit of work. The worn uniforms of the soldiers, the calls of the bugle, the lights of the signal corps, and all the details form as realistic a series of pictures as stage art can make them.

The lines are clever and the action at all times spirited, with nothing to offend either the blue or the gray. The author has not depended on war scenes for all the strength of Shenandoah, which has considerable merit as an interesting and well-told story.

THRUM'S ANNUAL.
Valuable Work of Statistics and Reference Now Before the Public.

The twenty-fourth number of Thrum's Annual has been laid on the desk. Year by year the Annual has increased in size till from the somewhat meager pamphlet that one remembers in 1874 it has become a volume almost demanding boards for its cover.

The statistical information which Mr. Thrum collects and condenses so accurately and so well is fuller than ever, and enables a reader to find out figures upon almost any subject of interest on the Islands. One has here in a few pages the list of acres of reports, and to the ordinary reader Thrum's Annual supplies all the information necessary. Plantation statistics, commercial statistics, census, school, postoffice, treasury, custom house, all find a place and all are readily available.

Besides this information the issue contains a large number of papers upon the economic, governmental and educational institutions of Hawaii, written by men who thoroughly understand the subject handled. Among the most prominent contributors are President Dole, Attorney General Smith, Professor Alexander, Chief Justice Judd, J. B. Atherton and many others.

The Annual should be on the desk of every Senator and Congressman, and on the shelves of the principal libraries of the United States. It contains more than a dozen volumes of descriptive writing. Mr. Thrum is to be congratulated on his successful editorship.

"The worst cold I ever had in my life was cured by Chamberlain's Cough Remedy," writes W. H. Norton of Sutter Creek, Cal. "This cold left me with a cough and I was expectorating all the time. The Remedy cured me, and I want all my friends when troubled with a cough or cold to use it, for it will do them good." Sold by all druggists and dealers. THE HOTELS ARE CROWDED

TOURIST TRAVEL TO ISLANDS
HAS STARTED.

Some Prominent People are Here—
Frawleys Have Brought Life to the
Hawaiian Dances and Concerts.

The hostilities of the city are all crowded. Some of the tourists who came on the Alameda from San Francisco and those who returned from Hawaii on the Kinan, were unable to secure accommodations at the hotels and were obliged to go out and seek accommodations in private boarding houses.

The arrival of the Frawleys has instilled much life about the Hawaiian hotel. Last evening there was a social hop which was well attended by city people. The band will give a concert next week.

Senator A. Hocking of Maui and wife, who have just returned from an extended wedding tour to Europe and America, will make their home at the Arlington for several weeks.

William Churchill, Ex-United States Consul to Samoa, and Mrs. Churchill, will not continue their journey to Washington until December. They are at the Arlington.

John M. Horner, a prosperous coffee planter of Hamakua, is making his headquarters at the Arlington during his stay here.

Mrs. E. O. Deming and daughter, Miss Adelaide Deming and Miss Katherine Harrub, prominent society people of San Francisco, are at the Hawaiian, to remain until December 9th, when the Moana sails for San Francisco. They are the guests of Harry Corson Clarke of the Frawley troupe.

United States Circuit Judge Caldwell, wife and daughter, who have come to Honolulu, to remain until March, are occupying the Snow cottage at the Hawaiian.

Mr. and Mrs. D. M. Barringer, society people of Philadelphia, are staying at the Hawaiian.

Manager George F. Renton of the Kohala Sugar Company, is at the Hawaiian for a week or more. Mr. Renton comes to Honolulu to attend the annual meeting of the sugar planters, which convenes on Monday. He reports things as being in good condition in Kohala.

Mr. and Mrs. Charles J. Falk of Mahukona are staying at the Hawaiian. Mrs. Falk's many friends will be well pleased to learn of her almost complete recovery from a serious illness. Mr. and Mrs. Falk had planned to visit the Volcanos, but changed their minds and came to Honolulu.

Dr. E. N. Otis and wife, accompanied by their son, Dr. William K. Otis, arrived from New York by the last steamer. They are merely on a pleasure trip and are occupying a cottage at the Hawaiian.

The Gaelic will carry away several guests from the hotels, among them being United States Senator Pettigrew, Ex-United States Senator Dubois and J. K. Smith, manager of the Golden West hotel in San Francisco.

Sheriff P. M. Carter of Lihue is domiciled at the Arlington during the trial of the Kauai murderers.

Sam Lesser is home at the Arlington again after a tour of Hawaii for M. Phillips & Co.

V. A. Vertleson, of Hoffman & Vertleson, Waikiki, who came to Honolulu to bid a farewell to his brother, Manager M. L. Vertleson, of the Hawaiian Hardware Company, departed for the States, is a guest of the Arlington.

Mrs. J. E. Barnard and Miss Josephine Barnard of Hamakua are at the Arlington for a short stay.

The Rev. Henderson Judd and Mrs. Judd of Los Angeles, Cal., came in on the Kinan Thursday. They are at Haalele Lawn, where they will remain for some time.

George J. Campbell, the new manager of the Bishop ranch, on Volcanos, is at the Arlington for a brief stay.

Miss Gladys Huff of Los Angeles is among the recent arrivals at the Hawaiian.

Mrs. P. Wieser of Germany is at the Hawaiian. She will tour the Islands.

PLANTERS' MONTHLY.

The Planters' Monthly for November is an especially good number and contains some valuable original articles from men who are practically engaged in cane cultivation and sugar manufacture. The papers upon "The Treatment of Skimmings," "Concerning the Use of Maceration Water" and "Applying Fertilizers" are written by men who understand their business. The editor continues his paper upon his "vacation rambles" and makes bright and instructive remarks upon all that he has seen and heard. The next number of the monthly will contain the reports of the meetings of the planters and will be a banner publication to close the year.

ANOTHER DISAPPOINTMENT.

Again the Townies are disappointed. They had counted upon George Angus returning from Hawaii, on the Kinan. Instead of the genial George a letter came to Captain Cornwell announcing that he would be unable to return until after the Thanksgiving day.

RESISTING TEMPTATION.

Balzac, the great French writer, used to say: "I can resist everything excepting temptation." In these modern times of ours we naturally infer that he was thinking of bicycle riding. New wheels for rent by the hour, day, week or month. Pacific Cycle and Manufacturing Company, Ehlers Building, Telephone 325.

REPLY TO SENATOR DUBOIS

WHAT ANNEXATION MEANS FOR
HAWAII.

No One is Taking the Hawaiian Land
—The Change Will Give Broader Citizenship.

Editor Star: Ex-Senator Dubois is creditably reported to have used in a meeting of native Hawaiians at Hilo language concerning annexation as follows:

"Robbing a kind and gentle and humane people of their land," and "taking away the land from these people against their will."

It would seem sufficient in reply to say that in annexing Hawaii as a territory to the United States, there is no proposition whatever to take Hawaii away from the natives Hawaiians. These people will, after annexation, continue to possess all the rights and privileges in relation to Hawaii which they have now, or had at any previous time. The country will not, in any sense, be taken from them. They will continue to be citizens of Hawaii, and possessors of it, to the full as much as before the change.

The change by annexation will be entirely in their external political relations. A new sovereignty over Hawaii will become vested in the United States. At the same time, the present citizens of Hawaii, especially the native population, will become endowed with a new and greater citizenship in addition to their present one, namely, citizenship in the United States. Mr. Dubois doubtless considers the latter of some value.

It will be useful to the people of both nationalities to clear their minds on this subject and avoid misconception. The intended change will only benefit Hawaii and the Hawaiians. If the Islands continue independent, the natives will inevitably be oppressed and trampled down by stronger foreign races. The present just and considerate set of men in power cannot be expected always to continue in place. Unscrupulous men will supplant them, and the weaker native will succumb.

As a part of the United States, the rights of the natives will be permanently and solidly guaranteed. Annexation is thus seen to be a wholly beneficial and protective arrangement for the Hawaiian.

One often sees on the Hudson river a powerful tug with many dozens of Erie canal barges in tow to New York City. Occasionally a stray barge laboriously poling along, is latched on to the great tow, much to its advantage. It is proposed now to hitch poor little Hawaii on to the grand flotilla of the United States.

How on earth are Hawaii and the Hawaiians to be wronged by being taken in tow? How injured, and not benefited, by the salutary change?

S. F. BISHOP.
